INTRODUCTION

Thank you for purchasing the Start by iHealth BPA Automatic Upper Arm Blood Pressure Monitor.

Your new blood pressure monitor uses the oscillometric method to measure your blood pressure.

The irregular heartbeats symbol means that the monitor detects an irregular rhythm during the measurement, the irregular heartbeats symbol will appear on the screen.

If the irregular heartbeats symbol appears on the screen, it means that the monitor detects your blood movement through your brachial artery and converts the movements into a digital signal.

This manual provides important information to help you to use the Start by iHealth BPA blood pressure monitor.

In case of any question or difficulty with this product, please consult your doctor and follow his instructions.

Note: When an irregular heartbeat is detected, it's recommended to make new measurements.
